// The best part of the Nye Bevan programme for me was the diversity of the cohort, and in particular the learning sets. I was initially sceptical about the formation of the learning sets, but as the programme went on, this all becomes apparent. //

Bimal Patel, Cohort 19

// The Nye Bevan programme has been the best leadership development programme I have ever taken part in. It has constantly challenged my perspectives of things and has led to extensive personal development for me. //

Christiane Shrimpton, Cohort 18

// My experience of the Nye Bevan programme has changed me immeasurably – both as a professional and as a person. The journey was tough at times but the people I have met - the insight I have gained - will serve me for life. //

Anna Bokobza, Cohort 20

// The Nye Bevan programme has allowed me to find my voice and influence, improving my personal impact. The experience has had a profoundly positive impact upon myself-awareness and confidence. //

Diane Baynham, Cohort 19
